SUMMARY

BCA graduate with strong skills in Python, Web Technologies, Django, and ReactJS. Passionate about building dynamic and user-friendly web applications with both front-end and back-end expertise. Eager to contribute to innovative projects while continuously enhancing technical knowledge. [click here](#).

SKILLS

Programming	Python
Web Development	HTML, CSS, JavaScript, ReactJS
Frameworks	Django
Database	SQL
Tools	Git, GitHub, VS Code

WORK EXPERIENCE

Full Stack Developer Intern

Apr 2025 - Sep 2025

Gained hands-on experience in front-end and back-end development using technologies like HTML, CSS, JavaScript, React.js, Python, Django, and SQL. Worked on building and deploying responsive web applications with proper integration between UI and backend services.

PROJECTS

Crop Recomender System

Developed a machine learning-based system that suggests the best crop for cultivation based on location and soil type along with environmental factors such as temperature, rainfall, and humidity. The system analyzes soil nutrients, and regional weather data to provide accurate crop recommendations, helping farmers improve yield and sustainability.

BakeSpot

This project is a Bakery Website developed to provide customers with a simple and user-friendly platform to explore and order bakery products online. The website showcases different categories such as cakes, pastries, bread, and cookies, along with product details, prices, and images.

Portfolio

Showcasing academic projects, certifications, and hands-on learning in [Python, Django, Web Development]. Highlights problem-solving, teamwork, and creative approaches.

EDUCATION

2022 - 2025	Bachelor of Computer Applications at University of Mysore	(CGPA: 8.5)
2020 - 2022	Class 12th	(63)
2020	Class 10th	(66)

CERTIFICATIONS

- 2024 **Full Stack Development Course Certificate**
- 2025 **Full Stack Development Internship Certificate**
- 2024 **SQL Developer Certificate**
